

Career Day at MMS

Each November MMS invites professionals from various fields to share information with our 7th and 8th graders about their careers. We base invitations to presenters upon student interest expressed in a survey of students completed the prior spring.

Students are scheduled into three sessions with professionals who have an opportunity to speak to small groups of students about their backgrounds, education and career responsibilities, with any hands-on activities or visuals that they would like to share.

On Career Day, we ask all staff members to wear an article of clothing which represents the college, school or training program they attended on their journey to become the teachers and professionals here at MMS.

We encourage students to ask teachers and staff members about their school to learn how well-trained and skilled teachers are. Students also learn that staff had to put in great effort to reach their career goal. Profiles of staff are displayed outside the counselors' offices, Rooms 109/110.

The purpose of Career Day is to encourage all of our students to think about their futures and ask themselves these questions:

- What do I like to do?
- What do I have confidence in doing?
- How can I learn more about my interests and skills?
- How can my interests lead to a college or training program?

We hope that all our 7th and 8th graders enjoy Career Day, listening respectfully to the presenters and ask them meaningful questions as they begin their career journeys!
